

CAMON

LA20 Lawn Aerator

Good aeration is vital for the health of any lawn and it has never been easier to achieve than with the fantastic **CAMON** LA20 Lawn Aerator. Built to a high standard of reliability and durability, this superb machine features solid tines for guaranteed maximum penetration in all ground conditions to allow air into compacted soil in grassed areas. Also available are easily fitted corer tines which will take plugs out of the lawn effectively and without tearing. The offset crank operating system allows the power of the engine to punch the tines into the ground resulting in perfect aeration with every application - the ideal tool for Spring and Autumn when the ground is best suited for aeration.

- Very strong and durable fibreglass cover
- Overall machine width is only 28" ensuring easy access
- Low profile pneumatic tyres eliminate damage to turf
- Easy access to the tines allows the operator to change from spikes to corers in less than 5 minutes

SPECIFICATION

- 5.5hp Honda GX160 petrol engine
- 16" (41cm) working width
- 3" (8cm) aeration depth
- 83kg weight
- L=100cm W=70cm H=68cm
- Vibration 5.4m/s² at 3400rpm
- Sound level 79dB(A)
- 2-year warranty
